

**DOWNLOAD & UPLOAD
PRINT + SCAN + PHOTO SPECS**

PRINT SETTINGS - DOWNLOAD

1. **Download** the the template for the item you have ordered.
2. **Print** on A4 paper at **100% size (ACTUAL SIZE)**.

IMPORTANT NOTE:
If you want to use paint then you will need to print on **250gsm card**. the reason is normal paper will buckle & warp when drying, that will effect the look of the print.

SCAN SETTINGS - UPLOAD

Image Type - Select **DOCUMENT** (if scanned as Photo it will show paper imperfections and make plate look dirty).
Resolution - should be set at least **300dpi** high resolution.

Colour: should be **RGB**.
Save file as - either **JPEG (JPG)** or **PDF**.
UPLOAD file as directed on website.
